Film:

Subject:

Eliza and Elsie.

Notes:

This looks from the pier to be taken on Skegness beach. In 1914 Elsie was the only sister still at home with Eliza and it is reasonable to assume that this is she. In 1914 Elsie would be 24 years old.

The photograph although of very high quality does not appear to be a professional beach photographers print shot so I am assuming it to have been taken by John, Eliza's husband.

The pictures are from Elsie's collection passed on by my Dad, Fredrick Wesley Fulford.

People:

Great Grandma Eliza Hannett, Nana Elsie Hannett

Dates:

Elsie has written 1914 on the back of the photograph. I have assumed August for a family holiday and used the date of the last Saturday in that month.
