

Roll: 20210107-9106

Camera: Canon EOS 5D MkIII:

Film: Full Frame Digital

Subject:

Ice breaking swan.

Notes:

A short video of pair of mute swans on Iremongers Pond. The cob is working valiantly to break the ice to make a channel for the himself and the pen. It was the haunting sound of the ice shrieking as broke that first caught my attention.

Dates:
