Camera: **Motorola G8plus: MG8**

Film: **Digital JPG**

**Subject:**

Man of Ross

**Notes:**

These images were all captured on my mobile phone and for the most part have been included to provide a more complete historical record. The pictures inside the "Man of Ross" are particularly important to me as it was the best the best night I have spent in a pub since the 1980s I think, when I used to seek pastures new each New Years Eve. I particularly remember an evening in Kent in the company of Christine Peaker and another in Castleton with Popinder.

**People:**

None known.

**Dates:**

Dates and times are verified from original exif data.
